Louis
Here's another of my pals
who likes to give me a
rough time. Keep up your
swell ways. Best of luck
in the future, and in everything
you do.
Your Buddy,

When we reach old age, time will be measured by successes and failures, happiness and heartaches, friends and enemies, good health and illness. What will be stored up for your old age? Will it be alibis and excuses or will you be able to say, "I prepared for the future while there was time and I have lived a full life." Take time now, students, for tomorrow will soon be with you.

Tony Espinoza
Principal

Through the years I have had occasions to see some of the annuals of Primero High School and I find it most refreshing to see former students and members of the faculty in individual pictures as well as in some of the activities. Keep recording these memories for future students and keep up the good work.
